Highlights

At Super Walmart, the team met with a young woman who had great animosity against the church. The root of the matter came as a result of being severely hurt by both the clergy and members of the congregation. But through the power of the Holy Ghost, Evangelist E. Frederick enlightened her on several subjects to the point where the young woman's barriers were suddenly broken down. With open arms, the team welcomed Memos Gelim into the family of God. *TO OUR GOD BE THE GLORY!*
